TOM TAILOR SUMMER for her Limited Edition

The fragrance kicks in with the scent of frozen lemon, aromatic bergamot and spicy marigold and with the first spray you are left with the exuberant, tangy feeling of summer. A bouquet of orange blossom and

magnolia unfolds in the mid note, the floral structure of which is rounded off with the sensual accord of cedar wood, warm musk and fine amber wood – like a light summer breeze. The freshness of summer meets female agility in the middle of an exciting time.

The bottle

This harmonious and relaxed attitude to life is also conveyed in the compelling flacon with its lively, bright colors. The color gradient goes from vibrant pink to juicy peach, carries pure joie de vivre and reminds of the ethereal play between the colors of a sunset. Despite the intense hues, the view is clear to reveal the refreshing essence from within.
