

TOM TAILOR

Awakening. Freshness. **MODERN SPIRIT**. That's the new **TOM TAILOR** Eau de Parfum.

MODERN SPIRIT – a mindset that inspires us to change our perspectives and remain open to change. To actively pursue our dreams and make our own decisions. To set off on the path we have always wanted to take. The vegan fragrance invigorates, moves and encourages.

The floral eau de parfum combines tangy-fresh bergamot with sweetish mango in the top note, enticing the senses with hints of aquatic fragrances. In the heart, an irresistible bouquet of orange blossoms and sensual white flower blossoms linger on in your memory. The heart note is caressed by warm notes of amber, holding the composition together like an invisible bond. In the finale, powdery nuances of musk merge with sensual vanilla and sandalwood, creating an unforgettable finish.
