

bugatti

The first women's fragrance, Bella Donna, by Bugatti was launched in September 2022. Now, with the addition of the fragrances Bella Donna Rosa and Bella Donna Gold, it embraces further facets of the Italian way of life, characterized by timeless style. The fragrances are for women who go their own way in a confident, fun-loving and relaxed manner.

bugatti bella donna ROSA

The floral, fruity eau de parfum **bugatti bella donna ROSA** conjures a fresh opening with the citrusy notes of lemon and orange. The sweet scent of frozen raspberries creates a delicate sense of lightness in the top note. It transports the senses to an Italian alleyway with a small bustling gelateria. The feminine middle note with sensual rose petals combines with the delicate floral nuance of lily of the valley. The hints of vanilla from heliotrope are a real heart opener and reminds you of warm days. As a grand finale, warm empowering notes of cedarwood and powdery soft musk nuances come together.

Bugatti bella donna GOLD

In the invigorating top notes of **bugatti bella donna GOLD**, you'll discover zesty notes of grapefruit and Italian bergamot combined with fruity accents of red currant. At the heart of the composition is a captivating, feminine bouquet of awakening lily of the valley and sensually elegant jasmine blossoms that make the mind wander. The nutty nuance of hazelnut complements the floral heart note, forming a confident union. The fading chords of the floral, fruity eau de parfum are led by seductive notes of warm vanilla and powdery musk. The base note is rounded off with empowering chypre chords.

bugatti bella donna

Sweet peach conjures up summery feelings. Combined with the tangy note of pear and slightly fiery-fruity pink pepper, it exudes warm chords that unite in the top note. The fragrance's heart note is a bouquet of fantasy-inspiring jasmine that caresses the senses. The seductively elegant rose opens the heart and is rounded off by an intensely captivating gardenia scent. Thanks to the repetition of rose nuances in the grand finale of **bella donna**, the powdery musk finds a cool and elegant counterpart. The woody-dry cedar wood notes close the fragrance.

bugatti bella donna INTENSA

The floral fragrance plays with the interaction between heavy, oriental nuances and playful floral chords. The top note leads into an earthy, warm fragrance experience of pure coffee, tangy pear and peppery chords of warm pink pepper. The beguiling and sensual heart note is dominated by jasmine, the queen of the night. The base note combines earthy notes with the sweet touch of patchouli, leading you to find harmony with yourself. Hints of vanilla seduce the senses, creating a feeling of inner peace – typical of Italian dolce vita in the evening.

The flacon design

The two **bugatti** eau de parfums for women are presented in a timelessly elegant bottle. The bottle's glass interior contains feminine features, hinting at feminine waist-like curves. This makes the body of the fragrance stand out in a special way from the otherwise classically angular outer shell. The bella donna fragrance is colored pink and adorned with a rosé-colored clip on which **bugatti** lettering is embossed at the transition to the spray head.

The cap, brushed in the same color, is finished with the **bugatti** wreath on the top. **Bella donna intensa** not only varies in fragrance; with its dark, berry gradient finish that becomes lighter towards the top, the bottle is also a real eye-catcher. The clip at the top of the bottle provides a light golden accent. As with **bella donna**, the **bugatti** logo is embossed into the clip. The matt black cap is also refined by an engraving on the top.
