Flacon Design

The flacon of this creation exudes a feeling of pure elegance and luxury. The glass flacon is artfully designed with large facets capturing and reflecting the light in a unique way, making the flacon shine like a precious jewel. The gold-colored metal cap, in a striking T-shape, adds a stylish accent that gives this flacon a majestic appearance. A gold-colored, applied shoulder perfectly matches the shape of the glass bottle, thereby harmoniously complementing the design and underlining its elegant appearance. The black logo, precisely applied to the front, creates a modern contrast to the golden details, rounding off the overall luxurious look.
