The heavy and long-lasting finale is dominated by tart, woody patchouli scents that are rounded off by a bouquet of tobacco-like amber.

## The bottle design

The design of the dynamic move flacon is based on timeless classicism and high-quality workmanship, which the **bugatti** man expects. The metalized, cylindrical silver glass flacon is a real eye-catcher. It lies heavily in the hand, thanks to the solid glass base, which radiates high value. The rotating, matte black cap above the pump head is another technical design highlight. The cap has a honeycomb look. The fragrance name is presented in fiery red, contrasting particularly well against the shimmering metallic surface. The **bugatti** wreath logo is another special feature, which has been elegantly engraved on the underside of the bottle.

This range also includes the fragrances: dynamic move blue, dynamic move black and dynamic move amber.
