bugatti signature carbon

The **signature carbon** fragrance has a spicy, ambery scent. The fresh green notes of ambrosia and stimulating cilantro are accompanied by yellow fruits, all elegantly merging into a dynamic opening. The heart note unfolds elegant nuances of herbaceous, fresh lavender and elements of earthy vetiver and invigorating ginger. In the lingering, masculine finale, seductive whiffs of musk and amber combine with earthy patchouli, creating a fragrance perfect for a confident, strong man.

Top note: Yellow Fruits, Mugwort, Coriander

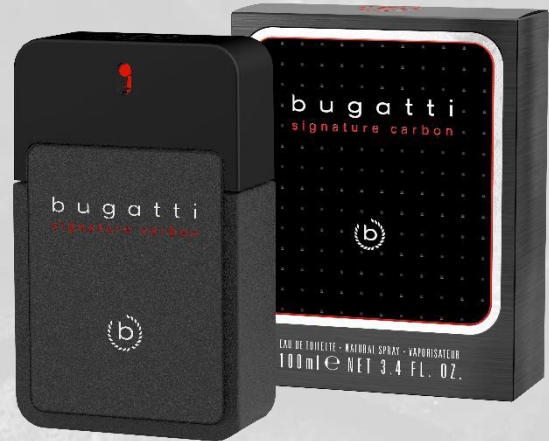

Heart note: Lavender, Ginger, Vetiver

Base note: Patchouli, Musk, Amber

The bottle design

The design reflects the modern, functional and high-quality style of the bugatti fashion brand. The textured anthracite-colored glass bottle and the matte black spray head merge to create a seamless unit. The pump head is a true highlight, with a strikingly strong, intense red, which emphasizes the „signature carbon“ fragrance name on the otherwise rather stark, masculine-looking bottle. A high-quality push spray button, with a bugatti logo stamped on the top, adds another high-quality accent. The rounded corners of the bottle fit comfortably in the hand and convey masculine elegance.

The signature range consists of five other fragrances that are the perfect companion for every occasion.
